

## CONTAGIOUS BLOOD POISON

Contagious Blood Poison more thoroughly poisons the blood than any other disease. Every part of the body is affected when the virus becomes entrenched in the circulation; red eruptions break out on the skin, the mouth and throat ulcerate, glands in the neck and groin swell, the hair falls out, copper-colored spots appear on the body, etc.

I was afflicted with blood poison, and the best doctors did me no good, though I took their treatment faithfully. In fact I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend I then took S. S. S. and began to improve. I continued the medicine, and it cured me completely.

So highly contagious is this disease that many a life has been ruined by a friendly hand shake or from using the toilet articles of one affected with the poison. To cure this hideous and hateful disease a constitutional remedy is required. S. S. S. goes down to the very root of the trouble and forces out every particle of the virus from the blood and cures the disease permanently. S. S. S. is purely vegetable and drives out the trouble, root and branch, and no signs of it are ever seen again.

Those who have been cured by S. S. S. can feel assured that none of the poison is left in the blood to transmit to innocent offspring. The entire body is built up and the blood made pure, rich and healthy by this great remedy. Book with instructions for home treatment and any medical advice desired will be given free of charge.

Seen, Heard and Done Among Those Who Go, Come and Tarry—Women and Society, Here and Elsewhere

**TO AN ABSENT WIFE.**  
Of all the invidious temptations insidious contrived by the devil to pull a man down there is none more delusive, seductive, abusive, than the snare for the man with his wife out of town.

He feels such delightfulness, Stay-out-all-nightfulness, Sure-to-get-tightfulness (I own it with pain). Such bachelor rakishness, What-will-you-takishness, None can explain.

His wife may be beautiful, Tender and dutiful—'Tis not that her absence will cause him delight—But the curious opportunity, Bafe immunity, Scatters his scruples as day scatters night.

—A Bostonian in Exchange.

**REV. FREDERIC JONES, CHRISTIAN GENTLEMAN.**

The resignation of Rev. Frederic Jones as pastor of the First Baptist church, came as a grievous shock to local friends and admirers—Baptist and non-Baptist—who were not prepared for the announcement.

Perhaps some idea of Mr. Jones' general standing in the community may be gleaned from a casual remark made several months ago in The Journal office by a young man who is no respecter of the mere cloth. He said:

"Well, I don't take much stock in preachers as a rule but I believe that man Jones of the Baptist church is the best man I ever saw."

And, during a three years residence the writer has never heard a word that directly or indirectly impugned the sincerity of Mr. Jones either as pastor or Christian gentleman—a record that is not easily matched in these days of hasty, outspoken and independent judgement of and by old and young America. And is especially noticeable of a pastor who has served in a community for seven years—years fraught with all the usual financial, spiritual, denigrational and congregational struggles that have beset the early stages of all religious organizations, from Macedonia down.

Mr. Jones is the type of unpretentious, sympathetic Christian to whom the world-weary, wavering spirit finds its faith in safety from the eddying current of modern theological phrase-making. The type of man who stands quietly in his place apparently gentle and unresisting but a tower of strength in the community he so truly adorns.

That a change back into the higher altitude of his old Carolina field will benefit Mr. Jones physically and will uplift the spirits of his old friends there, affords some recompense to those who love him in this city but can detract nothing from their present feeling of impending loss.

The orchestra of the Marine band furnished music throughout the evening with piano accompaniment by Miss Coney Oldmixon, little daughter of Capt. Oldmixon.

The special train returning left Warrington at 10 o'clock bringing the bridal party, city and visiting guests, who saw the bride and bridegroom off on the 11 p. m. train for Atlanta, Richmond and Mobile.

Thousands of people attended the ball, many of the foreign and American women wearing native

## COMMODORE ROBIE'S CAREER IN CONNECTION WITH JAPAN.

Commodore Edward D. Robie, U. S. Navy, retired, who for some years past has resided in Washington, D. C., was during a large share of his long service in the engineering department of our Navy a resident of this village of that time, and has since been a frequent visitor here. Mrs. Robie's three brothers, Lyman, Charles C., and Walter Adams, and her sister, Mrs. Charles Brink, living here. He is again spending a few days here, and is taking a particularly lively interest in the peace negotiations now in progress at Portsmouth, N. H., between the Russians and the Japanese.

The reason for this is that Japanese civilization dates from 1853, when Admiral Perry, of the U. S. Navy, visited that country, despite the desire of the Japs, and introduced that people into the things that were then marvelous, the locomotive, the electric telegraph and the modern ways of doing things. Mr. Robie joined the Navy in 1852, and was assigned to duty with the Perry expedition.

Congress, in an attempt to show its friendly intent toward that far distant and then little known people, had provided that all the latest and best in scientific research here should be presented to the Mikado, in practical working models, and so to the young engineer, fell the duty of constructing these things on Japanese soil and instructing the natives in their workings. Commodore Robie says that when the ship sailed into the harbor of Yeddo the Japanese troops came down to repulse them, armed with the only weapons they then possessed: spears and bows and arrows. To-day, only fifty-two years later, they not only use, but construct the equals of any battleships and weapons in the world. Among the things sent to Japan on the Perry expedition were a miniature railway, with an engine about ten feet in length and a circular track was laid by Mr. Robie, on which this train of cars was run.—The Marathon, N. Y., Independent.

Mr. Will Richards is expected home to-day from Tennessee where he has spent the last ten days at Nashville, Henderson and other places.

The Rathbone Sisters held an interesting meeting Wednesday afternoon, two applicants being received who will be initiated next Wednesday night. The ladies cleared a neat sum from their picnic Friday, notwithstanding the inclement weather.

Mrs. Sam Friedman was the fortunate winner of a beautiful piece of cut glass—the prize at Progress Club euchre last night from 8 to 10. Later the usual dance was enjoyed.

Mr. Chancellor, Mrs. Wentworth and the Misses Searle leave at noon for St. Louis.

Hon. John Christy and Mrs. Swaine are now occupying one of Mr. Merritt's cottages on Big Bayou where they will spend some time.

Miss C. Smith of East Garden street leaves this morning for Chicago where she will spend several weeks.

Mrs. I. G. Scarritt who has been the guest of Mrs. F. J. Moreno during the absence of her son's family is again at home with Mr. and Mrs. F. M. Scarritt.

## A NEW MILITARY COMPANY IS FORMED

Large Number of Young Men Met Last Night at Chamber of Commerce Rooms and Organized.

A meeting of possibly fifty of the most prominent young men of the city, was held last night in the rooms of the Chamber of Commerce, when a new company of the state militia was formed. Prof. H. Clay Armstrong, one of the best posted men in the state on military matters, was chosen commanding officer.

The meeting last night was one that insured the success of the new company. The Chamber of Commerce inaugurated the movement, and with the assistance of a number of the young men of the city succeeded in arousing considerable interest.

Last night was the first meeting of those interested, and the members present were very enthusiastic, especially as they had secured such a commanding officer as Prof. Armstrong.

The company will be mustered into service tonight when another meeting will be held. Col. R. M. Cary has been deputized to muster in the new command by the adjutant general, and this will be done. At this meeting first and second lieutenants will also be elected.

Young men of the city who desire to become members of the company can leave their names in the office of Secretary Jones of the Chamber of Commerce or at D'Alembert's drug store. These names will be referred to a special committee.

It is the desire to bring the new command up to the standard once occupied by the military organizations of this city.

Nothing on the Market Equal to Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This fact is well known to druggists everywhere, and nine out of ten will give their customers this preparation when the best is asked for. Mr. One Witmer, a prominent druggist of Joplin, Mo., in a circular to his customers, says: "There is nothing on the market in the way of patent medicines which equals Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. We sell and recommend this preparation." For sale by all druggists.

**SUDDEN DEATH OF MRS. C. MEACHAM**

WAS FORMERLY MISS SUSIE POLLOCK OF THIS CITY—DIED AT KINSTON N. C.

Telegraphic information was received in Pensacola yesterday announcing the death at Kinston, N. C., of Mrs. C. S. Meacham, who was, before her marriage, Miss Susie Pollock, of this city.

In response to an earlier telegram containing information of her serious illness, Dr. W. A. J. Pollock, brother of the deceased lady, left on the 7 o'clock train yesterday morning for her bedside, but about noon another telegram was received saying that she had died at 11 o'clock.

Mrs. Meacham's home was in Richmond Va., but she had been visiting in Kinston, N. C., and for the past three weeks had been ill there, though her illness was not regarded as of a serious nature until she took a sudden turn for the worse on Tuesday.

The deceased lady's mother, Mrs. S. E. Pollock, is at present visiting friends at Milton, where she learned of her daughter's death yesterday afternoon.

Mrs. Meacham was well known in Pensacola, where her girlhood was passed and where she had visited since her marriage. She was universally admired for her womanly qualities and the news of her death will be received with regret by all who knew her.

A Warning to Mothers. Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the old-fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease will be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by all druggists.

I. O. O. F. ATTENTION. The members of Pensacola Lodge, No. 4, and Joppa Lodge, No. 6, I. O. O. F., are requested to meet at their hall tomorrow (Thursday) afternoon at 3:30 o'clock to attend the funeral of our late brother, E. M. Hanscom, a member of Milton Lodge, No. 27.

Members of Naomi Rebekah Lodge No. 10, and visiting brothers are invited to attend.

T. G. STINSON, N. G. of No. 4. H. JEUDYNE, N. G. of No. 6.
